Hello,

My name is Amir Mohammad Ehtiatkar Soumehsaraei. I am a refugee in the United Kingdom and a PIP/LCWRA claimant.

Please find attached my policy proposal titled “Work Without Fear Reform”, created to address a structural problem: many individuals with fluctuating medical conditions avoid lawful work because they fear losing their support.

Core idea: once a person is awarded PIP or LCWRA, taking up work must not reduce or stop that support. Reviews should remain medical■based and scheduled (2→3→5■year cycle). This removes fear, supports lawful work, and increases tax revenues.

I have no previous experience in policy or government. This is the first time I have ever tried to develop and submit an idea. I simply felt that this could make a positive difference, so I used whatever tools and resources I had access to and did my best to put this proposal together. I hope it is useful and becomes a positive step toward improving the system.

Due to my limited English, please contact me by email only: Mohammad.ek700@gmail.com

Kind regards,

Amir Mohammad Ehtiatkar Soumehsaraei
